(a) 2019 figures have been restated. Refer to Note 1 of the 2020 Annual Report for further detail.

(b) 2018 and 2017 figures include continued and discontinued operations.

(c) Underlying results comprise statutory results adjusted for significant items and are separately disclosed and reconciled to statutory performance in the relevant Annual Report to assist users in understanding the financial performance of the Group. Accordingly they are a non-IFRS measure and have not been audited or reviewed.

(d) Operating cash flow per share is calculated by dividing the operating cash flow of the Group by the weighted average number of ordinary shares outstanding during the year.

(e) Free cash flow is operating cash flow less net capital expenditure of the Group divided by the weighted average number of ordinary shares outstanding during the year.
