For the year ended 30 June 2020

This statement outlines the Company's main corporate governance practices that were in place throughout the financial year and, unless otherwise stated, its compliance with the 4th edition of the ASX Corporate Governance Council Corporate Governance Principles and Recommendations (ASX Recommendations).

The Company's Board and Committee Charters and a number of the corporate governance policies referred to in this statement are available in the "Corporate Governance" section of the Company's website at www.sevengroup.com.au/who-we-are/corporate-governance.

PRINCIPLE 1 – LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

Role and responsibilities of the Board

The Board is empowered to manage the business of the Company subject to the (Corporations Act) and the Company's Constitution. The Board is responsible for the overall corporate governance of the Group and has adopted a Board Charter, which is available on the Company's website. The Board Charter sets out the role and responsibilities of the Board as well as those functions delegated to management.

The Board Charter provides that the Board's role includes:

- representing and serving the interests of shareholders by overseeing, reviewing and appraising the Company's strategies, policies and performance in accordance with any duties and obligations imposed on the Board by law and the Company's Constitution;
- demonstrating leadership by approving the Company's purpose, statement of values, strategic objectives and code of conduct for directors, senior executives and employees and monitoring corporate culture;
- contributing to and approving management's development of corporate strategy including approving strategic objectives;
- monitoring corporate performance and management's performance and implementation of Company strategy and promotion of the Company's values;
- reviewing and monitoring systems of risk management and internal control and ethical and legal compliance, including review of procedures to identify the main financial and non-financial risks associated with the Company's businesses and the implementation of appropriate systems to manage these risks;
- monitoring and reviewing management processes aimed at ensuring the integrity of financial reporting, financial controls and other reporting;
- developing a Board skills matrix setting out the mix of skills that the Board currently has or is looking to achieve in its membership;
- developing and reviewing corporate governance principles and policies and monitoring compliance with those principles and policies to underpin and instil the desired culture within the Company and reinforce a culture across the Company of acting lawfully, ethically and responsibly;
- monitoring that management has formal and rigorous processes in place to validate the quality and integrity of the Company's corporate reporting;
- satisfying itself that the Company's remuneration framework is aligned with the Company's purpose, its strategic objectives, values and risk appetite; and
- in accordance with the Company's Diversity Policy, reviewing, on an annual basis, the report prepared by the Remuneration & Nomination Committee outlining the relative proportion of women and men on the Board, in senior management positions and in the workforce at all levels of the Group.

The Board Charter provides that matters which are specifically reserved for the Board or its Committees include:

- appointment and removal of the Chief Executive Officer;
- approval of dividends;
- approval of the annual budget;
- monitoring capital management and approval of capital expenditure, acquisitions and divestitures in excess of authority levels delegated to management;
- the establishment of Board Committees, their membership and delegated authorities; and
- calling of meetings of shareholders.

Board Committees

The Board is assisted in carrying out its responsibilities by the Audit & Risk Committee, the Remuneration & Nomination Committee and the Independent & Related Party Committee. Each Committee has its own written Charter which is reviewed on an annual basis. The Charter of each Committee is available on the Company's website. Further details regarding the Audit & Risk Committee are set out under "Principle 4 – Safeguard the Integrity of Corporate Reports" and further details regarding the Remuneration & Nomination Committee and the Independent & Related Party Committee are set out under "Principle 2 – Structure the Board to be Effective and Add Value" in this Corporate Governance Statement.

The Directors' Report on page 78 sets out the number of Board and Committee meetings held during the 2020 financial year under the heading "Meetings of Directors", as well as the attendance of Directors at those meetings.

Delegation to Management

Subject to oversight by the Board and the exercise by the Board of functions which it is required to carry out under the Company's Constitution, Board Charter and the law, it is the role of management to carry out functions that are expressly delegated to management by the Board, as well as those functions not specifically reserved to the Board, as it considers appropriate, including those functions and affairs which pertain to the day-to-day management of the operations and administration of the Company.

Management is charged with promulgating the Company's values across the organisation and is responsible for implementing the policies, business model and strategic objectives approved by the Board. Management must supply the Board with information in a form, time-frame and quality that will enable the Board to discharge its duties effectively, including information concerning the Company's compliance with material legal and regulatory requirements and any conduct that is materially inconsistent with the values or Code of Conduct of the Company. The Company has adopted a Delegated Authority Policy, which delegates to management the authority to carry out expenditure in relation to specified areas of the Company's operations,

subject to the Company's policies and procedures in respect of the authorisation and signing of Company contracts, which includes a system of legal review. The functions exercised by the Board and those delegated to management are subject to ongoing review to ensure that the division of functions remains appropriate.

Executive Management Team

Company executives are each employed under written employment agreements, which set out the terms of their employment.

Prior to the commencement of employment, the Company undertakes appropriate background checks on new senior executives.

The management of the Company during the financial year comprised the Managing Director & Chief Executive Officer (MD & CEO), Chief Financial Officer (CFO), Chief Operating Officer (COO), Chief People Officer (CPO) and Chief Executives of each of WesTrac, Coates Hire, AllightSykes and SGH Energy. Profiles of members of the Executive Management team are available at pages 62 to 63 of this Annual Report.

Governance and SGH Subsidiary Operating Businesses

The Company's key operating businesses (subsidiaries), WesTrac, Coates Hire, SGH Energy and AllightSykes are each subject to the additional oversight of separate management committees which function as subsidiary 'boards', with the rigour and formality of a board structure involving regular meetings and reporting.

These 'boards' each consist of Group Executives, including the MD & CEO, CFO and COO, and the subsidiary Chief Executive, and provide a forum to review the operations of the business and to hold each subsidiary accountable. The subsidiary business Chief Executives have overall operational accountability for their individual businesses including performance and day-to-day management, while the Company's Group level corporate resources provide central oversight of strategy, finance and accounting, legal and human resources. The subsidiary operating business 'boards' are supplemented by specialised operating business committees which assist in relation to the oversight of key aspects of the business, such as finance, health and safety, remuneration and/or project management, as required.

Each of the Company's key operating businesses reports to the Company's Board through regular comprehensive 'vertical' business board reports as well as through aggregated 'horizontal' Group-level reviews, including finance, health and safety, risk, human capital management, strategy and customer relations.

This management structure enables the Company to set Group minimum standards, disseminate and reinforce a Group culture, implement compliance controls and procedures across the Group and ensure the Group's businesses maintain focus on shareholder returns. It also appropriately safeguards and reinforces the Group's processes in relation to integrity in corporate reporting, management of the Group's disclosure obligations and the Group's ability to manage risk.

Appointment of Directors

The Board has established a Remuneration & Nomination Committee to assist it in the appointment of new Directors. Further information regarding the Committee is set out under "Principle 2 – Structure the Board to be Effective and Add Value" in this statement.

The policy and procedure for the selection and appointment of new Directors is set out in an attachment to the Board Charter. The factors that will be considered when reviewing a potential candidate for Board appointment include:

- skills, experience, expertise and personal qualities that will best complement the Board effectiveness having regard to the Board skills matrix, including a deep understanding in the areas of corporate management, operational, safety and financial matters and the media, industrial services and energy industries in which the Group operates;
- existing composition of the Board, having regard to the factors outlined in the Company's Diversity Policy and the objective of achieving a Board comprising Directors from a diverse range of backgrounds;
- capability of the candidate to devote the necessary time and commitment to the role (this involves a consideration of matters such as other board or executive appointments); and
- potential conflicts of interest, and independence.

As part of the selection and appointment process:

- the Board and Remuneration & Nomination Committee, if so requested, identify potential Director candidates, with the assistance of external search organisations as appropriate;
- background information in relation to each potential candidate is provided to all Directors;
- appropriate background checks are undertaken before appointing a Director, or putting forward to shareholders a Director candidate for election;
- an invitation to be appointed as Director is made by the Chairman after having consulted all Directors, with recommendations from the Remuneration & Nomination Committee (if any) having been circulated to all Directors.

Appointed Directors receive a formal letter of appointment which set out terms of their appointment. The date at which each Director was appointed to the Board is announced to ASX and is provided in this Annual Report on pages 60 to 61.

Election and Re-election of Directors

Directors appointed to fill casual vacancies hold office until the next Annual General Meeting and are then eligible for election by shareholders. In addition, each Director must stand for re-election at the third Annual General Meeting of the Company since they were last elected. The Notice of Meeting for the Annual General Meeting discloses material information about Directors seeking election or re-election, including appropriate biographical details, qualifications and other key current directorships.

Corporate Governance Statement

Company Secretary

The Company Secretary's role is to support the Board's effectiveness by:

- helping to organise and facilitate the induction and professional development of directors;
- ensuring that the business at Board and Committee meetings is accurately captured in the minutes;
- advising the Board and Committees on governance matters; and
- coordinating the timely distribution of Board and Committee agendas and briefing materials.

The decision to appoint or remove a Company Secretary is made or approved by the Board. The Company Secretary is accountable to the Board through the Executive Chairman on all matters to do with the proper functioning of the Board. Each of the Directors has unrestricted access to the Company Secretary.

Board, Committee and Director Performance Evaluation

The Executive Chairman closely monitors the performance and actions of the Board and its Committees. During the financial year, Directors completed a Board Evaluation questionnaire concerning Board, Committee and Director, including Chairman, performance from which aggregated data and responses were provided to the Chairman and then presented to the Board for discussion and feedback. The Board Evaluation questionnaire provides an opportunity for the Board to benchmark results year on-year and to identify Board performance priorities, governance framework enhancements and improve the effectiveness of meetings and Company processes.

The aggregated questionnaire results also provide the basis of individual discussions between Directors and the Chairman. The Chairman and each Board member consider the performance of that Board member in relation to the expectations for that Board member and consider any opportunities for enhancing future performance. Matters which may be considered include the expertise and responsibilities of the Board member and their contribution to the Board and any relevant Committees and their functions.

Additionally, during the financial year, a report on the program of work undertaken by the Board and each of its Committees, assessed against their respective Charter responsibilities and duties, is provided to the Board for discussion and for the purposes of reviewing performance of the Board and the Committees, as well as their Charters, to ensure that the Board and its Committees operate effectively and efficiently. During the reporting period, performance evaluations of the Board, its Committees and individual Directors were carried out in accordance with this process.

Following this year's Charter reviews, the Board determined not to amend the Company's Board and Committee Charters, given the substantive changes made to the Charters in 2018 and 2019 having regard to the draft and final 4th Edition ASX Corporate Governance Principles to early adopt certain of the recommendations thereunder.

Assessment of management performance

The performance of the MD & CEO is formally reviewed by the Board against the achievement of strategic and budgetary objectives in respect of the Group's operations and investments whilst also having regard for his personal performance in the leadership of the Group. The Board's review is carried out annually in regard to certain goals against which he is assessed, and throughout the year in regard to others, and forms the basis of the determination of the MD & CEO's performance-based remuneration. The Remuneration Report sets out further details of the performance criteria against which the MD & CEO's performance-based remuneration is assessed on. Refer to the Remuneration Report from page 80 for further detail.

The performance of senior executives of the Company are reviewed on an annual basis in a formal and documented interview process with either the MD & CEO or the particular executive's immediate supervisor, who evaluates performance against agreed performance goals and assessment criteria in relation to the senior executive's duties and material areas of responsibility, including management of relevant Business Units within budget, motivation and development of staff and achievement of, and contribution to, the Company's objectives. A performance evaluation of the MD & CEO and other senior executives took place during the year in accordance with this process. For further information about the performance-related remuneration of senior executives and employees, see the Remuneration Report and the discussion set out under "Principle 8 – Remunerate Fairly and Responsibly".

All executives have diversity improvement targets in their KPIs reinforcing the importance and focus on diversity across all Business Units.

Having a disciplined and deliberate approach to recruitment has resulted in improved diversity. Talent and succession planning processes have continued to evolve, to include more women at all levels of the businesses particularly in operational roles. This has provided an even greater understanding of talent across the Group and potential successors to key roles.

Progress continues to be made with respect to developing and progressing female employees into leadership roles. A transparent performance management process ensures that decisions are based on merit, performance and talent. Development has continued to evolve across the Group as increased cross-collaboration across the businesses provide opportunities for career growth and development, as well as additional learning opportunities for women.

Mentoring programs targeting female talent have expanded to assist in developing capabilities for future progression have also been important in identifying and growing our internal talent pipeline. In February 2019, Ms Kate Farrar was appointed to the Board, resulting in an improvement in gender diversity towards the Board's ambition to achieve a diversity target of 30 per cent at the Board level. The Board is mindful of and recognises the benefits of a Board comprising directors with a broad range of skills, experiences and perspectives to execute its responsibilities. The Board will continue to review its composition to ensure that it remains appropriate for the Company, including with regard to gender diversity, as it manages succession on the Board.

Additionally, the Company has posted its Workplace Gender Equality Act Public Reports for 2019–2020 on its website, which contains the Company's Gender Equality Indicators, in the 'Corporate Governance' section of its website.

PRINCIPLE 2 – STRUCTURE THE BOARD TO BE EFFECTIVE AND ADD VALUE

Board Composition

The Company's Constitution provides for a minimum of three Directors and a maximum of 12 Directors on the Board.

As at the date of this statement, the Board comprises nine Directors, including seven Non-Executive Directors.

The Non-Independent Directors in office are:

- Mr Kerry Stokes AC, Executive Chairman;
- Mr Ryan Stokes AO, MD & CEO; and
- The Hon. Warwick Smith AO, Director.

The Independent Directors in office are:

- Ms Annabelle Chaplain AM, Director;
- Mr Terry Davis, Director;
- Ms Kate Farrar, Director;
- Mr David McEvoy, Director;
- Mr Christopher Mackay, Director; and
- Mr Richard Uechtritz, Director.

The qualifications, experience, expertise and period in office of each Director of the Company at the date of this report are disclosed in the Board of Directors section of this Annual Report on pages 60 to 61.

Board Independence

The Board comprises a majority of Independent Directors, with three Non-Independent Directors and six Independent Directors since the retirement of Mr Bruce McWilliam on 20 November 2019. During the period of the financial year prior to Mr McWilliam's retirement, the Board comprised four Non-Independent Directors and six Independent Directors.

In determining whether a Director is independent, the Board conducts regular assessments and has regard to whether a Director is considered to be one who:

- is a substantial shareholder of the Company or an officer of, or otherwise associated directly with, or represents or has been within the last three years an officer or employee of, a substantial shareholder of the Company;
- receives performance-based remuneration (including options or performance rights) from, or participates in an employee incentive scheme of, the Company;
- is, or has previously been, employed in an executive capacity by the Company or another Group member, and there has not been a period of at least three years between ceasing such employment and serving on the Board;
- has within the last three years been a principal of a material professional advisor of, or a material consultant to, the Company or another Group member, or an employee materially associated with the service provider;
- is a material supplier or customer of the Company or other group member, or an officer of or otherwise associated directly or indirectly with a material supplier or customer;
- has been a director of the entity for such a period that their independence from management and substantial holders may have been compromised; or
- has a material contractual relationship with the Company or another group member other than as a Director.

The Board determines the materiality of a relationship on the basis of fees paid or monies received or paid to either a Director or an entity which falls within the independence criteria above. If an amount received or paid may impact the Earnings Before Interest, Tax, Depreciation and Amortisation (EBITDA) of the Group in the previous financial year by more than five per cent, then a relationship will be considered material.

Mr Kerry Stokes AC and Mr Ryan Stokes AO are not considered to be independent due to their executive positions with the Company. In addition, Mr Warwick Smith AO is not considered to be independent as he is the chairman of the advisory board of Australian Capital Equity Group of companies which is deemed to be controlled by Mr Kerry Stokes AC. In the Board's view, the Independent Directors referred to above are free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the Directors' ability to act with a view to the best interests of the Company.

The Board believes the management of the Company benefits from, and it is in the interests of shareholders for Directors on the Board to have a mix of tenures as currently represented by Directors on the Board, such that some Directors have served on the Board for a longer period and have a deeper understanding of the Company and its operations, and new Directors bring fresh ideas and perspectives.

While the Board does not consider that independence can be assessed with reference to an arbitrary and set period of time, the Board has specifically considered the independence of longer-serving Non-Executive Directors during the financial year. The Board determined that these Directors are independent and their periods of tenure do not interfere with the capacity of each of these directors to bring independent judgement to bear on issues before the Board and to act in the best interests of the entity as a whole. The Board also considers that given the Company has diverse operations within a conglomerate structure that have grown considerably over time, the Company's performance and shareholders benefit from having an appropriate number of longer-serving Directors with detailed knowledge of the history and experience of the Group's operations as part of the overall composition of Directors on the Board. As part of succession planning on the Board, the Board's management of tenure of Directors on the Board also aims to achieve a period of knowledge transfer between longer-serving and more recently appointed Directors, prior the rotation of longer-serving Non-Executive Directors off the Board.

Corporate Governance Statement

Independent & Related Party Committee

The Independent Directors (identified on page 69) are members of the Independent & Related Party Committee, which has Mr Terry Davis as its Chairman. The Committee provides a forum for the review of material transactions between the Company and its related parties, including transactions with Australian Capital Equity Pty Limited and interests associated with Mr Kerry Stokes AC. Review of related party transactions by the Committee occurs without Non-Independent Directors present. The Committee meets at least twice during the year, and the Committee otherwise holds discussions and receives management reports concerning related party transactions as necessary. As such, the Committee provides an opportunity for the Independent Directors to meet regularly without Non-Independent Directors present.

The Chair of the Independent & Related Party Committee performs the function of a Lead Independent Director on the Board.

The Independent & Related Party Committee has overseen a substantial reduction of related party transactions in recent years, principally involving the conclusion of legacy service arrangements or the transfer of property interests and leases relating to several key business sites to third parties.

Chairman

The roles of the Chairman and MD & CEO are separate. Mr Kerry Stokes AC is Executive Chairman of the Company. The Chairman is responsible for leading the Board, facilitating the effective contribution of all Directors and promoting constructive and respectful relations between Directors and between the Board and Management.

The Board acknowledges the ASX Recommendation that the Chairman should be an Independent Director, however the Board has formed the view that Mr Stokes AC is the most appropriate person to lead the Board as its Chairman, given his history of leadership across the businesses and investments comprising the Group, including in the areas of heavy equipment management and services, property and television management and related media investments. In addition, Mr Stokes AC's grasp of new technologies driving television production and transmission and his incentive to maximise the interests of the Group are considered beneficial for the Company. Mr Stokes AC has been involved in investing in and managing diverse businesses for more than four decades and currently has broad business interests and investments in a range of major business sectors in Australia and overseas, including construction, agribusiness, property development, mining, oil and gas exploration. His experience, business relationships and insights are considered to be invaluable to the Group.

Board skills, experience and expertise

Each Director brings a range of personal and professional experiences and expertise to the Board. The Board seeks to achieve an appropriate mix of skills, tenures and diversity, including a deep understanding of the industries in which it holds investments and operates, as well as corporate management and operational, financial and safety matters. Directors devote significant time and resources to the discharge of their duties.

Company's Purpose and Strategic Objective

During the year, the Company undertook a 360-degree feedback process with the Board, CEOs and CFOs of all the operating businesses which led to the definition of the Company's revised purpose. Following this process, the Board approved the Company's purpose as "*Recognising and serving exceptional businesses*". The Company's purpose is an aspirational reason for being that inspires a call to action for our people, operating businesses and stakeholders. "Recognising" refers to the potential of our assets and people, understanding the impact our actions and behaviours have, harnessing collective capability across the group to realise future opportunities and ensuring operating businesses are accountable for delivering results. "Serving" refers to our individual and collective contributions, being valued by our people, customers and suppliers and facilitating problem solving opportunities across the business and outside the Group. "Exceptional businesses" applies to our investments, our substantive holdings and to our customers who are critical to the Company's success.

The Board and Management believe that fulfilling the Company's purpose will create more value for the Company's operating businesses than would be created as stand-alone entities and will achieve the Company's strategic objective which is "*Maximising returns to stakeholders through long term sustainable value creation*". The Company will deliver its strategic objective and create shareholder value through successful execution across the following five key areas:

- Diligent application of capital to maximise outcomes and returns.
- Unlocking the potential of our people with effective processes and systems.
- Focused execution of our strategies and ability to adapt to dynamic environments.
- Operating efficiently and effectively across different sectors and realise the full potential of our businesses.
- Contributing to our societies through creating better outcomes via our involvement.

Further details concerning the Remuneration & Nomination Committee's role in relation to Board appointments are set out in this Corporate Governance Statement under the heading "Principle 1 – Lay Solid Foundations for Management and Oversight" and under "Principle 8 – Remunerate Fairly and Responsibly" in relation to its role regarding the Company's remuneration arrangements.

Director induction and ongoing training

As part of the induction process, Board appointees attend a briefing with the Executive Chairman, meet with the Company Secretary about the Company's corporate governance framework, visit key business sites and meet with senior executives. In addition to the induction process for new Director appointments, from time to time, Directors attend external education seminars and peer group meetings regarding regulatory and compliance developments. The Company arranges presentations to the Board by Executives to update the Directors on the Group's business activities, as well as industry and regulatory developments.

The Director induction and ongoing training programs are reviewed to consider appropriate opportunities for Director development having regard to the desired skills and competencies for Board members as well as emerging governance issues. During the year, Directors were briefed on regulatory and reporting developments, including changes to the ASX Corporate Governance Principles and accounting standards, the implementation of risk management programs across the Group, as well as regulatory responses to the COVID-19 pandemic.

Effective functioning of the Board

The Board, under the terms of appointment of Directors and by virtue of their position, is entitled to access, and is provided with, information concerning the Group needed to discharge its duties efficiently. Attendance at Committee meetings by management is at the invitation of the Committee. Directors who are non-Committee members may attend any meeting of the Committee by invitation.

External Audit function

The Audit & Risk Committee meets periodically with the External Auditors without management being present.

Each reporting period, the External Auditor provides an independence declaration in relation to the audit. Additionally, the Audit & Risk Committee provides advice to the Board in respect of whether the provision of non-audit services by the External Auditor are compatible with the general standard of independence of auditors imposed by the Corporations Act.

The Company's External Auditor attends all Annual General Meetings and is available to answer shareholders' questions about the conduct of the audit and the preparation and content of the Auditor's report.

Declarations by the MD & CEO and CFO

Before the Board approves the financial statements for each of the half-year and full year, it receives from the MD & CEO and the CFO a written declaration that, in their opinion, the financial records of the Company have been properly maintained and the financial statements are prepared in accordance with the relevant accounting standards and present a true and fair view of the financial position and performance of the consolidated group. These declarations also confirm that these opinions have been formed on the basis of a sound system of risk management and internal compliance and control which is operating effectively.

To assist the MD & CEO and the CFO in making their declarations to the Board in relation to the for each of the half-year and full year, and to ensure integrity in corporate reporting and good governance, a detailed questionnaire is distributed to senior management across the Group, including Business Unit Chief Executives and Business Unit Chief Financial Officers as well as other selected key senior managers, requiring confirmation from each of them that financial and accounting controls have been in place and adhered to, Company codes or policies have not been breached, risks have been appropriately managed, and that any matters requiring further consideration by senior group management are disclosed.

The required declarations from the Chief Executive Officer and Chief Financial Officer have been given to the Board for the half-year ended 31 December 2019 and financial year ended 30 June 2020.

The detailed questionnaire distributed to senior management across the Group as part of the Company's periodic reporting procedures, referred to above, is a feature of the verification process in relation to corporate reporting on the Company's policies and compliance.

Corporate Governance Statement

PRINCIPLE 5 – MAKE TIMELY AND BALANCED DISCLOSURE

The Company is committed to complying with the disclosure obligations of the Corporations Act and the Listing Rules of the ASX and has adopted a Continuous Disclosure Policy which is available on the Company's website.

Media releases, half yearly and yearly financial reports and results presentations are lodged with ASX and upon confirmation of receipt by ASX, they are posted to the Company's website.

In order to protect against inadvertent disclosure of price sensitive information, the Company imposes communication 'blackout' periods for financial information between the end of financial reporting periods and the announcement of results to the market.

The Board receives copies of all announcements under Listing Rule 3.1 promptly after they have been made.

PRINCIPLE 6 – RESPECT THE RIGHTS OF SECURITY HOLDERS

Communications with security holders

As disclosed in the Shareholder Communications Policy, which is available on the Company's website, the Board aims to ensure that security holders are informed of all major developments affecting the Company's state of affairs and that there is effective two-way communication with security holders. The Company adopted a communications strategy that promotes effective communication with security holders, principally through ASX announcements, the Company website, the provision of the Annual Report, including the financial statements, and the Annual General Meeting (and any extraordinary meeting held by the Company) and notices of general meetings. Shareholders are encouraged to participate in general meetings and are invited to put questions to the Chairman of the Board in that forum.

Security holders are given the option to receive communications from, and to send communications to, the Company and the Company's Share Registry electronically, to the extent possible. The Board continues to review its channels of communications with security holders for cost effectiveness and efficiencies, including using electronic delivery systems for security holder communications where appropriate. The Company continues to implement campaigns to encourage security holders to elect to receive all security holder communications electronically to help reduce the impact on the environment and cost associated with printing and sending materials by post.

It is the Company's policy that all substantive resolutions at a meeting of security holders are decided by a poll rather than by a show of hands.

The Company's website

The Company's website www.sevengroup.com.au provides various information about the Company, including:

PRINCIPLE 7 – RECOGNISE AND MANAGE RISK

Risk oversight and management

The Board recognises that the management of financial and non-financial risk is an integral part of its operations and has established policies and procedures for the oversight and management of material business risks, including the establishment of the Audit & Risk Committee. Details regarding the Committee are set out under "Principle 4 – Safeguard the Integrity of Corporate Reports". The Board also believes a sound risk management framework should be aimed at identifying and delivering improved business processes and procedures across the Group which are consistent with the Group's commercial objectives. Under the Audit & Risk Committee's Charter, the Committee's key responsibilities in respect of its risk function are to:

- Oversee, evaluate and make recommendations to the Board in relation to, the adequacy and effectiveness of the risk management framework and the risk management systems and processes in place, and be assured and in a position to report to the Board that all material risks have been identified and appropriate policies and processes are in place to manage them.
- Review and approve management's annual report on the effectiveness of the risk management systems and internal control framework.
- Review reports from management on new and emerging sources of financial and non-financial risk and the risk controls and mitigation measures that management has put in place to deal with those risks.
- Review, at least annually, the Company's risk management framework to satisfy itself that it continues to be sound and effectively identifies all areas of potential risk, and report to the Board regarding its review and any recommended changes to the Company's risk management framework.
- Review, and make recommendations to the Board in relation to, the Company's insurance program and other risk transfer arrangements having regard to the Company's business and the insurable risks associated with it, and be assured that appropriate coverage is in place.
- Monitor compliance with applicable laws and regulations, review the procedures the Company has in place to ensure compliance and be assured that material compliance risks have been identified.
- Establish procedures for the receipt, retention and treatment of complaints received by the Company regarding fraud or non-compliance with applicable laws and regulations and the confidential, anonymous submission by employees of the Company of any concerns regarding business practices.
- Review, and make recommendations to the Board in relation to, any incidents involving fraud or other break down of the Company's internal controls.

The Board requires management to design and implement a risk management and internal control system to manage the Group's material business risks and report to it on the management of those risks. During the reporting period, management reported to the Board as to the effectiveness of the Company's management of its material business risks, including the following:

- the Audit & Risk Committee reviewed the Group's risk reporting and risk management framework consistent with Australian Standard ISO 31000:2009;
- the Committee received risk briefings at its meetings from external auditors, management, Head of Internal Audit and Process Improvement concerning review of the Group's key business operations. The Group's business divisions provide regular reporting on workplace safety practices and management within the Group;
- the Committee conducted periodic as well as the annual review of the Company's risk management framework and satisfied itself that the framework continues to be sound and effectively identifies potential risks; and
- the Company businesses conducted risk reviews and assessments which identified, assessed and ranked the main strategic risks, including material business risks, facing the Group's businesses in respect of which management has implemented internal risk controls and mitigation strategies for those risks.

Internal Control Framework

Throughout the financial year the Company's Internal Audit and Process Improvement function evaluated the effectiveness of the Company's governance, risk management and internal control processes by conducting detailed reviews in the areas of accounting, technology, information and business operations. The Internal Audit function has access to the Company's records, information systems, properties and personnel in order to conduct its activities. The Audit & Risk Committee reviewed and approved the Internal Audit plan, its resourcing and monitored its independence and performance. Internal Audit reviews carried out in accordance with the Internal Audit plan were reported to the Committee which reviews and ensures ownership by management in regard to Internal Audit's findings and recommendations and management's responsiveness to any required action items.

Commencing from 1 July 2019 Ernst & Young was appointed to conduct the Company's Internal Audit reviews. The Board considers that this appointment provides an enhanced level of capability, providing technical depth from a leading audit firm. This will embed a stronger risk and compliance culture across the organisation, whilst drawing on best practice and knowledge across operational and emerging issues. Additionally, the appointment allows economies of scale and process improvement benefits to be realised through the co-ordination of various assurance and control testing activities across the Group entities and businesses. Efficiencies are also gained by the externally resourced Internal Audit function working closely with the Group's external auditor, Deloitte, to ensure audit efforts are not duplicated and Internal Audit work can be relied upon where possible.

Risk Management Policy

The Company has adopted a Risk Management Policy to:

- ensure there is a consistency in the methods used in assessing, monitoring and communicating risks throughout the Company and that risk management efforts are aligned with the Company's strategic and business objectives; and
- promote a balanced approach to risk and return and to ensure that the Board knows in advance the risks of the business. A summary of the Company's Risk Management Policy is available on the Company's website.

It is the practice for the MD & CEO to attend meetings of the Remuneration & Nomination Committee to report on, or seek approval of, senior Group Management’s remuneration, but he is not present during meetings of the Committee (or the Board) when his own performance or remuneration are being discussed or reviewed.

Remuneration of Non-Executive Directors

The aggregate remuneration for Non-Executive Directors is approved by shareholders. Fees for Directors are set out in the Remuneration Report on pages 81 to 99.

In contrast to Executive Directors and senior executives, Non-Executive Directors do not receive performance related payments, although they may receive additional payments at the discretion of the Board where appropriate in relation to special services that they perform for the Company. Throughout the financial year no such additional fees were paid to Non-Executive Directors. Fees for Non-Executive Directors are set out in the Remuneration Report on page 90 and page 99.

No retirement benefits apply in respect of Company directorships other than superannuation contributions.

Remuneration of Executive Directors and senior executives

The objective of the remuneration process for Executive Directors and senior executives is to ensure that remuneration packages properly reflect the duties and responsibilities of employees and that remuneration is at an appropriate but competitive market rate which enables the Company to attract, retain and motivate people of the highest quality and best skills from the industries in which the Company operates. This policy provides for the MD & CEO to consider the remuneration packages paid within the industry and the impact these people are expected to have on the operational and financial performance of the Company.

Remuneration packages may be structured to include bonuses, options or share-based payments and the Company has established Share and Option Plans for that purpose. The payment of bonuses is based on the achievement of specific goals which relate to the performance of the Company or as otherwise specified in the relevant employment contracts. Options, performance share rights and share appreciation rights are issued as a part of remuneration packages where they are considered appropriate, with exercise prices and hurdle rates which reflect the long-term objectives of the Company.

Remuneration matters concerning WesTrac and Coates Hire Executives who are Key Management Personnel (KMP) of the Company are brought to the Remuneration & Nomination Committee for its consideration. Otherwise, WesTrac’s and Coates Hire’s remuneration arrangements and approvals are generally respectively overseen by a WesTrac Executive Committee and Coates Hire Executive Committee within a budget approved by the Board and reported to the Remuneration & Nomination Committee.

Remuneration policy matters as well as regular reports concerning industrial relations and Enterprise Agreements relating to WesTrac and Coates Hire are brought to the Remuneration & Nomination Committee or Board for review and/or approval as appropriate.

The Remuneration & Nomination Committee met after the end of the financial year to review and recommend to the Board any performance-based remuneration for the MD & CEO during the financial year as well as for Executive Management. This process and the outcomes for KMP are summarised in the Remuneration Report.

Hedging Policy

The Company’s Group Directors Share Trading Policy, and the Executive and Staff Share Trading Policy, prohibit employees KMP from dealing in the Company’s shares, if the dealing is prohibited under the Corporations Act. Therefore, in accordance with this policy, all KMP are prohibited from entering into arrangements from entering into arrangements which operate to limit the executives’ economic risk in connection with Seven Group Holdings securities which are unvested or remain subject to a holding lock. The ability to deal with unvested rights is restricted in the Employee Share Option Plan and LTI Plan rules, which apply to any options over shares in the Company which may be granted from time to time. Further details relating to remuneration and the Company’s remuneration policy, framework and structure are contained within the Remuneration Report on pages 80 to 99.

This statement has been approved by the Board and is current as at 26 August 2020.
